Dance on Broadway Game Review for Dance Lovers

About Dance on Broadway Game

Dance on Broadway is a 2010 rhythm game for the PlayStation 3 and Wii. Ubisoft Paris publishes it, the creators of the Just Dance video game. The Dance on Broadway is a game based on music but the songs are taken from stage musicals rather than popular music. The developers of the game are Long Tail Stuio and AiLive.

The Dance on Broadway Game was released in North America on June 15, 2010, in Australia in June 24, 2010, and in Europe in July 2, 2010 for the Wii platform. For the platform of PlayStation 3, the Dance on Broadway Game was released on March 7, 2011 in North America, in March 18, 2011 in Europe, and in March 24, 2011 in Australia. The basic genres used in the tracks of the game are music and rhythm.

Modes of Dance on Broadway Game

The game has one mode of the main game in which players can select from the 20 tracks of the game. The game can be played with additional three players by following the on-screen dancers and instructions using the remote of the Wii. Most songs in the game feature all players performing the same moves in synchronization.

The game has innovative concepts with the surety of equipping the music for dancing. The graphics of the game are of higher quality, which attracts the players towards it. So, dance lovers surely love this epic game and play it with their friends.

Some of individual steps are for certain players such as for…
